SUMMARY

- My name is NIYONKURU JEAN DE DIEU am a software and web developer. I spent more than four years gaining knowledge and experience in how to develop software, mobile apps and websites.
- Therefore, I specialised in using all the languages listed in the skills section

EDUCATION

Now I am a current student at the University of Rwanda (undergraduate program in computer and software engineering).

WORK EXPERIENCE

- Software and Web developer (skills and knowledge from 2021 until now, and no limit):
- Complete detailed programming and development tasks for front-end and back-end server code.
- Cooperate with developers to create clean interfaces and simple, intuitive interactions and experiences.
- Development of different projects with clear aspects for society.
- Attend training, events, and public talks to explain software and website development.
- Leadership
- Team leader of class, association, and club from high school until now in university.
- Hosted public talks and parties from high school until now at the university
- Team leader of the research group in high school
